Organiser

Deutscher Akademischer Austauschdienst (DAAD)

It was in 1960 when the DAAD Regional Office was established based on the German-Egyptian Cultural Agreement. Since then, the academic relations between Egypt and Germany have evolved steadily. The close cooperation has unwrapped new horizons for the scientific bonds of both countries to further develop and flourish. Thousands of Egyptian scholars have benefited ever since from these ties. <https://www.daad.eg/>

Clusters of Scientific Innovation in the Middle East and North Africa (COSIMENA)

In the scope of COSIMENA the DAAD Office Cairo realises interdisciplinary events on current issues in science and innovation, such as workshops, conferences, roundtable discussions, the German Science Day, the COSIMENA Science Night and a Summer School. The several activities aim to bring together various stakeholders from science, business, government, and civil society. Especially scientists are promoted and supported through networking opportunities. www.daad.eg/cosimena
